

NAPA COUNTY GRAND JURY REPORT 1967

MOSQUITO ABATEMENT DISTRICT

The committee met with William Rusconi, District Manager, at the District's office at 950 Imola Avenue on October 4th, 1966.

The District is governed by a Board of Trustees who are as follows:

| | |
|------------------------------------|----------------|
| Mr. Andrew Kiser | President |
| Mr. Harry E. Conroy | Vice-President |
| Mr. J. H. Bentley | Secretary |
| Mr. George P. Abate – Napa | Member |
| Mr. Angelo Molinari – Calistoga | Member |
| Mr. Peter Bardessonno – Yountville | Member |

Two changes in the operation of the Abatement District have occurred in the year following the last committee report.

First, with the incorporation of the City of Yountville, they became represented on the Board of Directors causing the Board to consist of 6 instead of 5 members.

Second, after some time at a level of four full-time employees, with occasional part-time summer help, the District has found it necessary to employ a full-time secretary as of January 1967. This has been necessitated by the need for some one to answer the District's telephone full time and the desirability of having the financial records available on the premises. This additional expenditure has caused a one-cent increase in the tax rate from three cents to four cents per one hundred dollars of Assessed Valuation. Also contributing to this increase was a salary increase for existing employees, as recommended by last year's Grand Jury.

Mr. Rusconi was very helpful and courteous and explained the duties and functions of the staff. We were furnished with a current Accountant's Report of the Napa County Mosquito Abatement District, which shows a condition of solvency and is an excellent report of the condition of the District.

Respectfully submitted,

June Stohsner, Chairman
Richard B. Owen
Charles K. Barber
